

AuthiChain Post-Launch Playbook

First 48 Hours Action Plan

Last Updated: October 20, 2025

Overview

This playbook outlines critical actions for the first 48 hours after AuthiChain's public launch. Success in these early hours sets the foundation for long-term growth.

Hour 0-1: Launch Moment

Immediate Actions

1. Publish All Announcements (0-15 minutes)

- ☐ Post Twitter/X launch tweet
- ☐ Publish LinkedIn announcement
- ☐ Post Facebook update
- ☐ Share Instagram story
- ☐ Send launch email to subscriber list
- ☐ Submit to Product Hunt
- ☐ Post in relevant Reddit communities
- ☐ Share in Discord/Telegram groups

2. Activate Monitoring (15-30 minutes)

- ☐ Open Vercel Analytics dashboard
- ☐ Open Google Analytics real-time view
- ☐ Open Stripe dashboard
- ☐ Open Sentry error tracking
- ☐ Set up Slack notifications
- ☐ Enable mobile alerts

3. Team Coordination (30-45 minutes)

- ☐ Brief all team members
- ☐ Assign monitoring responsibilities
- ☐ Set up communication channels
- ☐ Establish escalation procedures
- ☐ Prepare response templates

4. First System Check (45-60 minutes)

- ☐ Verify homepage loads correctly
- ☐ Test wallet connection
- ☐ Test NFT minting flow

- [] Verify Stripe checkout
 - [] Check API endpoints
 - [] Monitor error rates
 - [] Review server performance
-

Hour 1-6: Early Momentum

Monitoring & Response

Every 30 Minutes

- [] Check traffic levels
- [] Monitor error rates
- [] Review user feedback
- [] Track conversions
- [] Respond to comments
- [] Engage with community

Key Metrics to Watch

- **Traffic:** Unique visitors, page views
- **Errors:** 4xx, 5xx error rates
- **Conversions:** Sign-ups, subscriptions
- **Performance:** Page load times, API response
- **Engagement:** Social media interactions

Community Engagement

Social Media

- [] Respond to all comments within 15 minutes
- [] Thank early adopters publicly
- [] Share user testimonials
- [] Post behind-the-scenes content
- [] Engage with influencers

Support

- [] Answer all support emails within 1 hour
 - [] Create FAQ based on common questions
 - [] Update documentation as needed
 - [] Offer personalized onboarding
-

Hour 6-12: Optimization

Data Analysis

Traffic Analysis

- [] Identify top traffic sources
- [] Analyze user behavior flow

- ☐ Track bounce rates by page
- ☐ Review device breakdown
- ☐ Check geographic distribution

Conversion Analysis

- ☐ Calculate conversion rates
- ☐ Identify drop-off points
- ☐ Analyze pricing page performance
- ☐ Review checkout completion rate
- ☐ Track referral signups

Quick Optimizations

If Traffic is Low

- ☐ Boost social media posts
- ☐ Reach out to influencers
- ☐ Post in more communities
- ☐ Send follow-up emails
- ☐ Consider paid ads

If Conversion is Low

- ☐ Simplify signup process
- ☐ Add social proof
- ☐ Clarify value proposition
- ☐ Test different CTAs
- ☐ Offer limited-time bonus

If Errors are High

- ☐ Identify error patterns
- ☐ Deploy hotfixes immediately
- ☐ Communicate with affected users
- ☐ Add error monitoring
- ☐ Implement fallbacks

Hour 12-24: First Day Complete

End of Day Review

Metrics Summary

- ☐ Total visitors
- ☐ Total signups
- ☐ Total subscriptions
- ☐ Revenue generated
- ☐ Referrals created
- ☐ Support tickets
- ☐ Error rate
- ☐ Average response time

Success Criteria (Day 1)

- ☒ 100+ unique visitors
- ☒ 20+ signups
- ☒ 5+ paid subscriptions
- ☒ 2+ referrals
- ☒ < 1% error rate
- ☒ < 2s page load time
- ☒ 99.9% uptime

Team Debrief

Discussion Points

- What went well?
- What challenges did we face?
- What surprised us?
- What needs immediate attention?
- What can we improve tomorrow?

Action Items

- ☐ Document lessons learned
 - ☐ Create improvement tasks
 - ☐ Assign responsibilities
 - ☐ Set priorities for Day 2
 - ☐ Update playbook
-

Hour 24-48: Day 2 Strategy

Morning Review (Hour 24-25)

Check Overnight Metrics

- ☐ Traffic during off-hours
- ☐ Any errors or issues
- ☐ New signups
- ☐ Support tickets
- ☐ Social media engagement

Priority Actions

- ☐ Respond to overnight messages
- ☐ Fix any critical issues
- ☐ Update FAQ if needed
- ☐ Plan Day 2 content

Content & Marketing (Hour 25-36)

Create Follow-up Content

- ☐ "Day 1 Success" social post
- ☐ User testimonial highlights
- ☐ Behind-the-scenes content

- ☐ Feature spotlight posts
- ☐ Early bird reminder

Engage Early Adopters

- ☐ Personal thank you messages
- ☐ Request feedback
- ☐ Ask for testimonials
- ☐ Invite to community
- ☐ Offer exclusive perks

Optimization & Improvement (Hour 36-48)

Based on Day 1 Data

- ☐ Optimize high-traffic pages
- ☐ Fix identified issues
- ☐ Improve conversion funnel
- ☐ Update messaging
- ☐ Enhance user experience

A/B Testing Setup

- ☐ Test different headlines
- ☐ Test CTA buttons
- ☐ Test pricing display
- ☐ Test signup flow
- ☐ Test onboarding

Critical Issues Response

High Error Rate (>5%)

Immediate Actions:

1. Identify error source
2. Deploy hotfix if possible
3. Add error handling
4. Communicate with users
5. Monitor closely

Communication Template:

We're aware of an issue affecting [feature]. Our team is working on a fix.
We'll **update** you **within** [timeframe]. Thank you **for** your patience!

Payment Failures

Immediate Actions:

1. Check Stripe dashboard
2. Verify webhook is working
3. Test payment flow

4. Contact affected users
5. Offer alternative payment

User Communication:

We noticed an issue **with** your payment. We're here **to** help! Please **try** again **or** contact support@authichain.com **for immediate** assistance.

High Traffic / Performance Issues

Immediate Actions:

1. Check Vercel metrics
2. Verify auto-scaling is working
3. Enable caching if not active
4. Optimize slow queries
5. Consider CDN for assets

Security Concerns

Immediate Actions:

1. Assess threat level
2. Implement immediate fixes
3. Monitor for suspicious activity
4. Communicate if user data affected
5. Document incident

Communication Templates

Social Media Responses

Positive Feedback

Thank you so much! 🙌 We're thrilled you're enjoying AuthiChain. Let us know **if** you need any help getting started!

Questions

Great question! [Answer]. Feel **free to** DM us **if** you need more details. We're here **to** help! 😊

Issues

We're sorry to hear that! Our team is looking into it right now. Can you DM us with more details? We'll get this sorted ASAP!

Email Responses

Welcome Email

Subject: Welcome to AuthiChain! 🎉

Hi [Name],

Welcome to AuthiChain! We're excited to have you on board.

Here's how to get started:

1. **Connect** your wallet
2. Mint your **first** NFT
3. Explore the marketplace

Need help? Reply to this email or check our FAQ: [link]

To your success,
The AuthiChain Team

Support Response

Subject: Re: [Issue]

Hi [Name],

Thanks for reaching out! I understand you're experiencing [issue].

[Solution or next steps]

I'm here to help if you need anything else!

Best regards,
[Your Name]
AuthiChain Support

Success Metrics

- 100+ unique visitors
- 20+ signups
- 5+ paid subscriptions
- 2+ referrals
- < 1% error rate
- 99.9% uptime

Day 2 Targets

- 200+ unique visitors
- 40+ signups
- 10+ paid subscriptions
- 5+ referrals
- Improved conversion rate

- Positive user feedback

Week 1 Targets

- 1,000+ unique visitors
 - 100+ signups
 - 20+ paid subscriptions
 - 10+ referrals
 - \$2,000+ revenue
 - 4.5+ star rating
-

Daily Checklist

Morning (First Thing)

- ☐ Check overnight metrics
- ☐ Review error logs
- ☐ Respond to urgent messages
- ☐ Check Stripe dashboard
- ☐ Review social media

Midday

- ☐ Analyze traffic patterns
- ☐ Engage with community
- ☐ Post new content
- ☐ Check conversion rates
- ☐ Update team

Evening

- ☐ Review day's metrics
 - ☐ Plan tomorrow's content
 - ☐ Respond to all messages
 - ☐ Document learnings
 - ☐ Celebrate wins!
-

Team Roles & Responsibilities

Launch Manager

- Overall coordination
- Decision making
- Team communication
- Stakeholder updates

Technical Lead

- System monitoring
- Error resolution

- Performance optimization
- Deployment management

Marketing Lead

- Social media management
- Content creation
- Community engagement
- Analytics tracking

Support Lead

- Customer inquiries
 - Issue resolution
 - FAQ updates
 - User feedback collection
-

Emergency Contacts

- Technical Lead: [Contact]
- Marketing Lead: [Contact]
- Support Lead: [Contact]

External Services

- Vercel Support: support@vercel.com
 - Stripe Support: <https://support.stripe.com>
 - Domain Registrar: [Contact]
 - Hosting Provider: [Contact]
-

Post-48 Hours

Week 1 Focus

- Maintain momentum
- Optimize based on data
- Build community
- Gather feedback
- Plan improvements

Transition to Normal Operations

- Establish regular monitoring schedule
- Create standard operating procedures
- Document best practices
- Plan feature roadmap
- Set growth targets

Celebration Milestones

Celebrate When You Hit:

- ✨ First signup
- 🎉 First paid subscription
- 💰 First \$1,000 revenue
- 🚀 100 users
- 🏆 First testimonial
- 💎 First referral sale

Remember: Every milestone matters! Share wins with the team and community.

Conclusion

The first 48 hours are critical. Stay focused, be responsive, and iterate quickly based on data. Success comes from preparation, execution, and rapid adaptation.

Key Principles:

1. **Monitor constantly** - Know what's happening
 2. **Respond quickly** - Speed matters
 3. **Engage authentically** - Build relationships
 4. **Iterate rapidly** - Improve continuously
 5. **Celebrate wins** - Maintain momentum
